INTERNATIONAL ASSOCIATION FOR
GREAT LAKES RESEARCH

Cumulative Index to IAGLR Publications

1953–1982

A complete set of the Conference Proceedings and the Journal of Great Lakes Research is included in the collection of the University of Michigan Library.

All correspondence relating to IAGLR should be addressed to:

International Association for Great Lakes Research
Business Office
The University of Michigan
2200 Bonisteel Blvd.
Ann Arbor, MI 48109, USA

MEMBERSHIP AND DUES

Membership in the Association is open to persons who are actively interested in research on large lakes, their basins and watersheds, and/or in research directly applicable to their understanding or management.

The membership of the Association represents a broad spectrum of scientific disciplines and types of employment from the United States, Canada, and foreign countries.

New members $25.00, renewals $30.00 per annum ($25.00 for payment before January 31st of renewal year), and students $15.00. Library subscriptions are $50.00. Annual dues include the subscription to the *Journal of Great Lakes Research* (published quarterly) and a semi-annual newsletter. Membership applications can be obtained from the Business Office.

CUMULATIVE INDEX

TO

INTERNATIONAL ASSOCIATION FOR GREAT LAKES RESEARCH PUBLICATIONS

Proceedings of the Conference
on Great Lakes Research, First through Seventeenth, 1953-1974
Journal of Great Lakes Research, Vol. 1-8, 1975-1982

PUBLISHED BY
THE INTERNATIONAL ASSOCIATION FOR GREAT LAKES RESEARCH
ANN ARBOR, MICHIGAN
1983

This Cumulative Index to IAGLR Publications is a subject, geographical, and author index to the Proceedings of the First to the Seventeenth *Conferences on Great Lakes Research* and to Volumes 1-8 of the *Journal of Great Lakes Research*. Papers for which only an astract was published in the *Proceedings* were omitted. The main body of the work is arranged by first author and gives the full bibliographic reference. The *Proceedings* are abbreviated as *Pr* and the *Journal* as *Jr*. Each entry has a unique number which is referred to in the indexes following the main section. The subject headings used to describe each article were based primarily upon the *Water Resources Thesaurus*, 3rd ed., 1980, prepared by the U.S. Office of Water Resources Research (Department of the Interior). Specialized terms for the Great Lakes were added as needed. The geographical index lists articles by geographical area(s) where appropriate. The author index lists all authors (primary and joint) in alphabetical sequence for articles.

The Association would like to thank the International Joint Commission and the Great Lakes Fishery Commission for their sponsorship of this index. The indexing was conducted under contract by the Michigan Information Transfer Source, University of Michigan Libraries.
